

With an area separate from the younger groups, children can play and relax in comfortable surroundings. In this safe environment children can begin to explore the freedom and responsibilities that come with growing up.

Children can keep themselves busy in the lounge area with a football table, the latest age appropriate magazines and books, a Playstation 2 console (with time restrictions), a juke box (I-pod loaded with the latest pop songs) and a good selection of board games. These will be available in addition to specialist activities related to the weekly theme and will keep the children entertained all day long.

On the premises there is a large sports hall with equipment perfect for this age range. Our staff have specialist PE qualifications and will provide sporting activities for all abilities to promote a fun, team atmosphere. Also, conveniently based across the road, Twickenham Green will be used for games of a grander scale.

The weekly excursion is available to all who have attended at least one other day during the programme. Children and staff will travel to the Kingston Bowl on public transport remaining there until leaving to return to School by 3.00pm. They will eat their packed lunch at the venue. Those not accompanying the trip can remain at the School in Twickenham with the younger groups. Should you require any further details about the trip or the scheduled activities please ask the staff working with the older children.

Specialist activities during this week include creating animal masks, Chinese lanterns and zodiac wheels as well as attempting Chinese writing. Also planned are role play games using the masks and dragons, Chinese costume making, dance and animal races. Highlights scheduled over the period are food tasting, fortune cookie surprises and a visit from someone with first hand experience of Chinese New Year celebrations.

Come and join the fun!
